RESEARCH AND DEVELOPMENT CELL (R&D CELL)

Siddhartha Institute of Technology & Sciences Hyderabad has promoted meaningful scientific industrial Research and Development activities with a vision and mission to pursue and promote Research in Frontier Technologies as well as in the various disciplines of Engineering.

For any education, specifically technical education, the basic model of a 'teaching – only' institution is inadequate to ensure quality education. In all disciplines of technical education, knowledge is dynamic with new technologies being introduced very frequently. In this scenario, it is not possible for the teachers to deliver good quality instructions without being tuned to the current developments in the subjects, for which they must constantly update their knowledge. A well-recognized way to deal with this paradigm is for the teachers to be active researchers in the areas in which they interested. As researchers, they need to understand the past and recent developments in their subject areas.

Research and Development cell was established at SITS to inculcate research and innovative skills among faculty and students. R&D Cell provides a platform for creativity and innovation to flourish young minds in Institute. Innovative breakthroughs will happen only because of meticulous efforts of R&D. The Institute provides SEED amount to facilitate basic common research infrastructure for individuals to execute collaborative work.

SITS R&D cell is a nominated committee consisting of Professors from various programs of Engineering. This committee oversees the smooth and efficient coordination of research and development activities in the Institute, thus fostering overall growth. The organizational structure consists of Advisor, Principal, Dean and Coordinators for facilitating the routine functioning of the cell.

COMPOSITION OF R&D CELL

Advisory Committee- Institute Research Advisor, Principal, Dean and 3 or 5 renowned external Academic Personalities with sufficient Research and Administrative background.

Institute Research Advisor- a Professor with at least 10 years of research supervision experience

Coordinators- 5 to 7 teaching faculty members from the Institute, with research supervising experience and 1 or 2 non-teaching officers representing with experiences in research related administrative duties.

SIDDHARTHA INSTITUTE OF TECHNOLOGY & SCIENCES
(UGC-ATUTONOMOUS)

(Approved by AICTE, New Delhi & Affiliated to JNTUH, Hyderabad)

Accredited by *NBA and NAAC with 'A+' Grade

Narapally, Korremula Road, Ghatkesar, Medchal-Malkajgiri (Dist)-500 088

RESPONSIBILITIES OF MEMBERS

Advisory Committee- The role of advisory committee to RDC is to give advises on research matters whenever necessary.

Coordinators- Coordinators are expected to report back on Institute research committee business to their constituents (in faculties, research students, other committees), as well as participating in committee discussions and decision making.

Institute Research Advisor-

- Thorough knowledge of grants/funds availability for research projects/FDPS /Seminars/Workshops for students and faculty
- Acting as a liaison with other Institute administrative support units, sponsors, and auditors.
- Support research student and faculty in the development of proposals and related financial narratives and budgets
- Thoroughly understand unallowable, direct, and facilities and administrative (F&A) costs.
- Assuring that costs incurred under sponsored research projects conducted within the department comply with sponsor and University policies

Meeting

The R&DC will meet at least 12 times per year.

Objectives

- To foster scientific temper.
- To generate innovative ideas on academic and societal problems
- To Encourage, Coordinate And Implement Research And Development Programs (workshops/ seminar/ trainings)
- To create awareness on evolving technologies and industrial standards for products.
- Provide scope for faculty and students to work on latest evolving technologies with industry standards through consultancy projects.
- To identify and inform researchers about the appropriate research opportunities announced by different academic, research, industry or government organisations.
- To encourage and facilitate the publication of the research work/projects in reputed academic journals and reputed conferences
- To prepare and implement a research quality assurance mechanism for ensuring that all research activities of the college conform to standard quality specifications.
- To develop, prescribe and administer rules and regulations to ensure the compliance of all researchers to the research quality assurance framework and the research code.
- To encourage Core Competence and Consultancy work
- To create awareness about filing Patents & IPR

R & D CELL MAIN ACTIVITIES

- Assists faculty, research scholars and students in filing research proposals for grants from various funding agencies like DST, AICTE, MHRD etc.

SIDDHARTHA INSTITUTE OF TECHNOLOGY & SCIENCES
(UGC-ATUTONOMOUS)

(Approved by AICTE, New Delhi & Affiliated to JNTUH, Hyderabad)

Accredited by *NBA and NAAC with 'A+' Grade

Narapally, Korremula Road, Ghatkesar, Medchal-Malkajgiri (Dist)-500 088

- Allocates funds for in-house R & D projects of the faculty, research scholars and students.
- Assists the faculty, research scholars and students in filing of IPRs like patents and copy rights.
- Creating awareness and motivating researchers to work in emerging domains of engineering and technology.

RESPONSIBILITIES OF R&D COMMITTEE

- To prepare annual research activity plan for all the departments.
- To establish liaison with near and far industry and identify the technological challenges being faced by them. Strengthen industry institute interaction through MOUs for long term relationships with national and international research organisations for widening the scope of research options and funding opportunities for faculty and students.
- Take up appropriate problems of the industry for finding solutions through R&D projects assigned to faculty and students.
- Explore technological developmental opportunities in common application areas such as transport, traffic regulation, security, healthcare etc. and assign them to faculty and students.
- To initiate and promote MoU with industries and R&D organizations for consultancy, collaborative research, sponsored projects, industry and Institute interactions etc.
- To arrange brainstorming sessions through talks by eminent personalities from industry, R& D organizations and institutions of repute for the better understanding of research methodology and practices currently followed.
- To support faculty for delivering talks at different events and conducting workshops, training programs, seminars, conferences, symposia and faculty development programs.
- To keep everyone informed about announcements by various funding agencies like DST, DAE, DRDO, ISRO, CSIR, AICTE, UGC and University etc.
- To motivate students for presenting papers in National and International conferences and projects in competitions and exhibitions like AVISHKAR at university level. Interdepartmental / collaborative work to be encouraged.
- To monitor progress of the research and development activity.

RECOMMENDATIONS AND IMPACT

- Publications in Research Journals.
- Research Proposals for different funding agencies.
- Participation and Organizing Conferences, Workshops and STTP/FDP.
- Participation in Collaborative Research work, e.g. VAP /Industrial Training.
- Encouragement for Higher Education.

SIDDHARTHA INSTITUTE OF TECHNOLOGY & SCIENCES
(UGC-ATUTONOMOUS)

(Approved by AICTE, New Delhi & Affiliated to JNTUH, Hyderabad)

Accredited by *NBA and NAAC with 'A+' Grade

Narapally, Korremula Road, Ghatkesar, Medchal-Malkajgiri (Dist)-500 088

- Signing MOU with Industries and Research Organization.

R AND D CELL POLICY

To create good infrastructural facilities and conducive environment to inculcate research culture. Policy framework as follows -

- Incentives are provided for publications.
- Facilities such as flexibility in timings, use of laboratories etc. are extended to faculty as per requirement.
- Implementing a policy for distribution of testing and consultancy charges to motivate faculty for providing consultancy.
- Faculty with an aptitude for research is identified.
- An initiative is taken by Library to help researchers in understanding recent updates of their publications in terms of citation index, h-index, etc.
- In house Project development.
- The institute encourages the formation of various student chapters of professional bodies within SITS . The institute will bear the membership fees for the same.

A. FINANCIAL ASSISTANCE TO STUDENTS FOR RESEARCH

- a) Students will get reimbursement towards paying registration fees for presenting the paper in the conference. Also, students participating in various events such as technical quiz competition, technical fest, and technical poster presentation competitions at state level as well as at national level will be reimbursed by the institute.
- b) Institute motivates the students for undertaking the interdisciplinary projects and provides required financial support.
- c) Final year students will be given reimbursement for performing tests on the samples in the outside laboratory if required for their project work. Students must seek prior approval from concerned project guide and HOD.

Financial assistance to Students for Research Process:

- Students are informed about R&D initiatives by the respective department R&D coordinator.
- Students willing to publish research paper/participate in any technical activities shall approach the department R&D coordinator
- Students need to submit application signed by concerned HOD and their department R&D coordinator to the institute R&D in charge.
- On approval, the student registers for the conference.
- Students attend the conference.
- For reimbursement purpose, students must enclose receipt of registration fees, first page

SIDDHARTHA INSTITUTE OF TECHNOLOGY & SCIENCES

of paper and conference certificate along with application and submit it to department R&D coordinator. Department R&D coordinator approves the request.

- Students submits the above approved documents to the Principal for approval.
- Principal finally approves the application for reimbursement.
- Students needs to submit bills of expenditure to the head of department for approval and then to the accounts department for reimbursement. Students submits the above approved documents to the accounts for reimbursement.

Financial assistance to Students for Research Process:

B. FINANCIAL ASSISTANCE TO FACULTY FOR RESEARCH

- The college provides financial support by reimbursing registration fees only for presenting papers in reputed National/International conferences held within India and for attending FDP/STTP/workshop/Seminar in other organizations in India.
- Faculty would also look for an alternate source of funding for participation in a conference viz., AICTE/UGC etc.
- The faculty can avail OD for attending the conference/FDP/STTP/workshop/Seminar.

SIDDHARTHA INSTITUTE OF TECHNOLOGY & SCIENCES

- iv. The faculty should fill the required forms, get the approval and submit the same to the office before proceeding for the same.
- v. The total cost of organizing any technical event for student and faculty will be borne by the institute.

Financial assistance to faculty for Research (Conference /FDP/STTP/workshop/Seminar) Process:

- i. All requests for grant have to be made prior to the conference. Faculty members will submit the application for grant when they receive the letter of acceptance from the conference committee.
- ii. The recommendation of Head of Department, Department R&D coordinator & subject expert is required for availing the conference sponsorship.
- iii. On approval, the faculty registers for the conference and Faculty attends the conference/FDP/STTP/workshop etc.
- iv. For reimbursement purpose, faculty must enclose receipt of registration fees, first page of paper and conference/workshop certificate along with application and submit it to department R&D coordinator.
- v. Faculty submits the above approved documents to the Principal for approval within 15 days of attending the conference.
- vi. Principal finally approves the application for reimbursement.
- vii. Faculty submits the above approved documents to the accounts and gets reimbursement

Financial assistance to faculty for Research (Conference /FDP/STTP/workshop/Seminar) Process:

INITIATIVES TAKEN TO INCULCATE THE SPIRIT OF RESEARCH AMONGST FACULTY AND STUDENTS ARE AS FOLLOWS

A. Innovation and Entrepreneurship Development Cell

Innovation and Entrepreneurship Development Cell (IEDC) is established to cultivate an entrepreneurial culture in SITS and to foster the techno entrepreneurship for generation of wealth and employment by SITSIANS. The IEDC helps the student community to conduct the research work and survey for identifying entrepreneurial opportunities. The main objective of promoting an entrepreneurship among the youth is to nurture the passion for self-employment. This will open the gates for the creation of a new knowledge-based innovative hi-tech ventures, industries and a new breed of techno entrepreneurs and more avenues of employment opportunities, thus turning the job seekers into the job creators and in this process, leading a nation towards the industrial excellence and the self-reliance. The Innovation and Entrepreneurship Development Cell of this college aims towards achieving the above.

B. Incubation centre

To have your own Start-up you need to know the “Technical know-how” of today's industry. Here we provide such an incubation centre for students to develop, evolve, and learn from their mistakes and PROGRESS.

The significant factors indicating potential growth in the research activities includes the enhancement in the research publications in peer reviewed journals, Research Projects/ grants, Patents, Collaborations, Doctoral program and Faculty development. R & D cell is focusing the attention on the following major activities:

C. Research Publications

As a result of tireless efforts taken in the research activities, the college has to its credit many research publications in National and International peer reviewed Journals. The faculty members have also presented research papers in various reputed national and international conferences. The total 108 plus research papers have published during academic Year 2017- to 2020, out of which 80 research papers have been published in journals and remaining have been published in conferences.

D. Research Projects

One of the important criteria to judge the performance of research output of the institution is to obtain recognition by reputed Government/Autonomous sponsoring agencies towards generation of funds to conduct quality research. The institute would attempt to receive a number of research grants from agencies like DST, AICTE, IEL, DRDO, CSIR etc. in near future. In addition to this, SITS has also encouraged the faculty members to initiate research by giving the seed money to undertake various minor research projects.

E. Ph. D. Programs

Quality engineering education coupled with innovative research and development is absolutely essential towards the overall faculty development. The SITS encourages higher education of faculty members to keep abreast of continuous technological development.

SIDDHARTHA INSTITUTE OF TECHNOLOGY & SCIENCES

Accordingly Institute promotes participation of faculty in innovative research by providing a conducive environment, necessary facilities and motivation.

Facilities available for R&D

- i. The researchers are given highest priority in the institute. All the departments have well equipped laboratory facilities for the research and it can be made available to the students for research work.
- ii. For multidisciplinary research projects, faculty and students can work in other department laboratories.
- iii. Institute has purchased various latest software for research activities which helps the faculty and students in developing their projects. Through the available educational software, faculty and students can take advantage of a variety of tools and resources in the academic program. These will help prepare students for tomorrow's infrastructure workforce. Users can learn the powerful applications that are in use by infrastructure professionals today.
- iv. The software and tools in SITS SKILLS Centre will help optimise the higher education institution's value for all students & faculties by tapping into the insights and solutions derived from this software. This software will enable SITS to integrate educational skills and real-time job experiences in collaboration with businesses. It will give students access to advanced technology and thereby help learn emerging job skills.
- v. The college has labs with 700+ computers and provided high speed internet facility to faculty as well as students.
- vi. The Library has an extensive collection of books and e-books with 22000+ books in volumes covering all aspects of engineering.
- vii. The library facilitates access to more than 400 video lectures under NPTEL prepared by various IITs.
- viii. E-Resources are also available and can be accessed from any computer in the campus.

Research Resources at SITS

1. Industry Institute Interaction Cell (IIIC)
2. SITS Incubation Cell
3. Library & E-Library
4. Digital Computing to Support research
5. Shared Resources – Labs
6. Clubs like VLSI club, Robotic Club etc.
7. Communities and chapters like ISTE, IEEE, SITS Salesforce etc.
